DEDICATION TO MAN

*"To dedicate this Senior book
Has proved a lengthy task,
Does one look toward his future goals
Or backward to his past?"*

*"Must he, the author, find a man,
Or choose a sacred thought
On which to base his masterpiece?"
The answer it came nought.*

*"This piece, it must be well thought out,
Not just an idle whim.
One can't just grasp his rusty pen
And suddenly begin."*

*"To have a universal theme
That all will want to read
Is what an author's aim should be,
And nothing less, indeed."*

*"And so and on the author toiled,
Not yet aware that fate
Had placed an idea in his head
Which he will now relate."*

*"To every man that ever walked,
And every man that will,
I hereby dedicate this book
In retrospect. Until . . ."*

*"The day that each and every man
Who walks upon this ground,
Can walk content with peace and love,
And vice nowhere be found."*

*"Until this wond'rous day occurs
And let us hope it can,
I put my faith in human pride
And dedicate to man."*

FRANCIS S. MOSELEY, PRINCIPAL

To the Graduates:

We have talked of a great many things during your sojourn at Newtown, you and your teachers and I. We have read poetry, seen plays, discussed politics, worried over college entrance problems, agonized over the war in Vietnam, and so on. On this last occasion on which we may speak together, let us talk about the one thing we have most in common: schools and schooling.

I wonder if you have noticed that schools, especially public schools, are in deep trouble. All the dissension, all the animosities, all the jostling and striving for power and position, all the political motives and selfish goals that so afflict the rest of society in our times afflict schools as well. Other institutions can stand a certain amount of this tension and recover, not much the worse for wear. But schools cannot. They are more delicately contrived. The atmosphere of strife that passes over civil and religious and social and economic life and leaves it, however altered, still standing, brings blight to schools. Education can prosper only in tranquility. Learning is a flower that cannot survive the frost of disunion.

It would be a tragedy indeed if public schools, to which America is so indebted, were to be destroyed by this clash of opposing interests, by those who disparage them or who misunderstand them or who wish to use them for their own purposes. I ask you, then, to use your influence as citizens and voters, and as former students of a public high school, to support those who work for the conservation of public education.

If you will do this, you will help insure for your children what I earnestly wish for you: a fruitful and productive life, a life successful in the best sense of the word, a full life which is the product of a full education.

A handwritten signature in dark ink, reading "James T. Whitley". The signature is written in a cursive style with a large, sweeping initial "J" and a long, horizontal flourish extending to the right.

ALMA MATER

*To our glorious Alma Mater
All thy sons are true,
And forever shall we praise Thee
'Til life's journey's through.*

Chorus *Sons of Newtown!
Let us strive for Honor and Renown,
Hail to Thee, Our Alma Mater!
Hail, all hail, Newtown!*

*In our hearts we've deeply graven
The name of Newtown High.
And thy glory shall we ever
Waft beyond the sky.*

*When success has crowned our struggle
On life's battlefield,
At thy shrine the wreath of laurel
Gratefully we'll yield.*

Newtown's Leaders Corps

The Leaders Corps is "an athletic society and service organization for outstanding girls who meet the requirements for membership. The purposes of this organization are to adhere to the highest standard of conduct thereby setting an example that will inspire emulation, to develop and recognize leadership ability, to provide opportunities for Leaders to render service to the Health Education Department, to provide opportunities for the physically gifted to further their interests and to participate in physical activities." This organization was started in our school by Miss Eleanor Sullivan in 1959. It is presently under the direction of Miss Joan Hesterberg.

Each year certain outstanding members of the Corps are selected to represent Newtown at two city-wide functions—The Leaders Luncheon which brings together all the Leaders from various schools to award them for their accomplishments over the years and the Leaders Weekend where three chosen girls meet other Leaders to discuss possible solutions to similar problems. Most of all, the girls have fun.

Queens groups get together on "Playdays," tournaments showing our participation in sports. Newtown's Leaders Corps has recently hosted a day of volleyball and one of bowling. The Leaders Corps throughout New York City plan to compete on a city-wide basis within a few years.

Varsity Basketball Team

Darney GripperCaptain
Mr. William J. Didie
Faculty Adviser

Rebounding is most important in basketball and aptly applies to the story of the basketball team. After finishing a dismal last the previous season, this year's squad more than tripled last year's wins. Solid defense and a jelled offense paved the way. Roger Howard, one of the best in Queens, who averaged 20 points a game, Darney Gripper and Howard Robertson provided the buckets when needed.

Jack Gish

In 1967, Newtown's fine baseball team coached by Mr. Baylis, finished the season in second place narrowly missing the division championship. Jimmy Grotta led the team with a pitching record of five wins and only one defeat. The big guns for the Pioneer attack were provided by Larry Dobbins and Jimmy Korahais. This season with the Queens championship as its goal the team will be led by the strong battery of Mark Roberts and returning catcher Larry Dobbins.

This year, Newtown's bowling team finished with an even record of five wins and five losses. The boys got off to a slow start losing the first three matches, but it was just a little extra practice that paid off as the team later won five of its last seven games.

VARSITY SOCCER TEAM 1967 CHAMPIONS OF NEW YORK CITY

Rolly Hui*Co-Captain*
 George Kazantzis ...*Co-Captain*
 Mr. William Dworsak...*Coach*

Four years ago Newtown's soccer team coached by Mr. William Dworsak was a strong competitor for the city championship, but there were other fine teams in Queens that stood in our way. That year we finished the season with 9 wins and 3 losses.

The following year the team, led by Captain Giovanni Enea, Mario Mancini, and other fine players, went on to win the Queens Championship, and probably would have won the city championship if we had not been disqualified for using our ineligible player.

Last year we had a very strong team which was undefeated until we played Cleveland for the Queens Championship and City Quarter Final. Having too much confidence we lost by a score of 2-1.

This year, seemingly hopeless, was to bring Newtown its first city championship in our soccer history. Coach Dworsak worked tirelessly to develop the young team we had this year and at the beginning of the season we began to look good.

The team of '67-'68 was composed of All-City Goalie, Gerry Enea, Full-backs Palmino Vezza and Frank Mattei, and Half-backs Steve Kazantzis, Fransisco Gaverri and Rolly Hui. The Forward Line was led by All-City George Kazantzis with Ruben Solas, Carlos Scott, Jean Simeon and Emilo Collette. We finished the season with the only undefeated record in the whole city, thus becoming City Champs for the first time.

Track

Mr. LaVelle's cindermen continued their winning form into the 1968 season. Newtown's track team, now considered a major track power in the city, won more medals than in any other previous year. Hector Rivera broke three school records. His efforts have placed him in the 1968 Olympics representing Puerto Rico. Dorel Watley, a most versatile athlete, excelled in the field events as well as the sprints. The cross-country team, the strongest squad Newtown has ever had, placed 7th in the City Finals.

Football

Initiated by Chairman Sid Finkelstein, the Health Education Department held the first intramural football tournament in Newtown. A field of 16 teams played until two teams, the Tuminals and the Magnificent Seven, met in a championship game. Excellent play by Bob Oliva, Peter Tripp and Karl Paulsen made it a decisive victory for the Tuminals.

Volleyball

On April 21, 1967, Newtown High School won the City PSAL volleyball championship by beating Manhattan's Benjamin Franklin High School in the finals held at Queens College. Coach Horne's boys moved into the playoffs by downing DeWitt Clinton in the quarterfinals and Francis Lewis in the semis. Members of the winning team were Daniel Bellande, Manuel Diaz-Marta, Henry Lamarque, Louis Benetz, Joseph Saad, Dennis Graff, Thomas Meyer, Roy Bretton, Andrew Newinski and Philip Rigaud.

THE TECHS '68

Robert Forgione

Newtown High School's senior Pre-Engineering class is the result of an entrance test to the course and three or four years of grueling classes which earn for us a minimum of 43 major subject credits. We Tech students, besides studying the required academic subjects, take chemistry in our sophomore year in place of biology and physics in our junior year. Biology, for Techs, can be a senior elective. Besides these, we complete three years of mechanical drawing and at least two terms of shop. Most Techs will go on to engineering colleges, and this background will prove helpful.

But, Tech students aren't limited to studies. Many of us participate in varied activities including drama, publications, gymnastics, service and clubs. Like most Newtown students, Techs don't lack teenage spirit, and we feel proud of ourselves and our school. We hope that Newtown will always be proud of us.

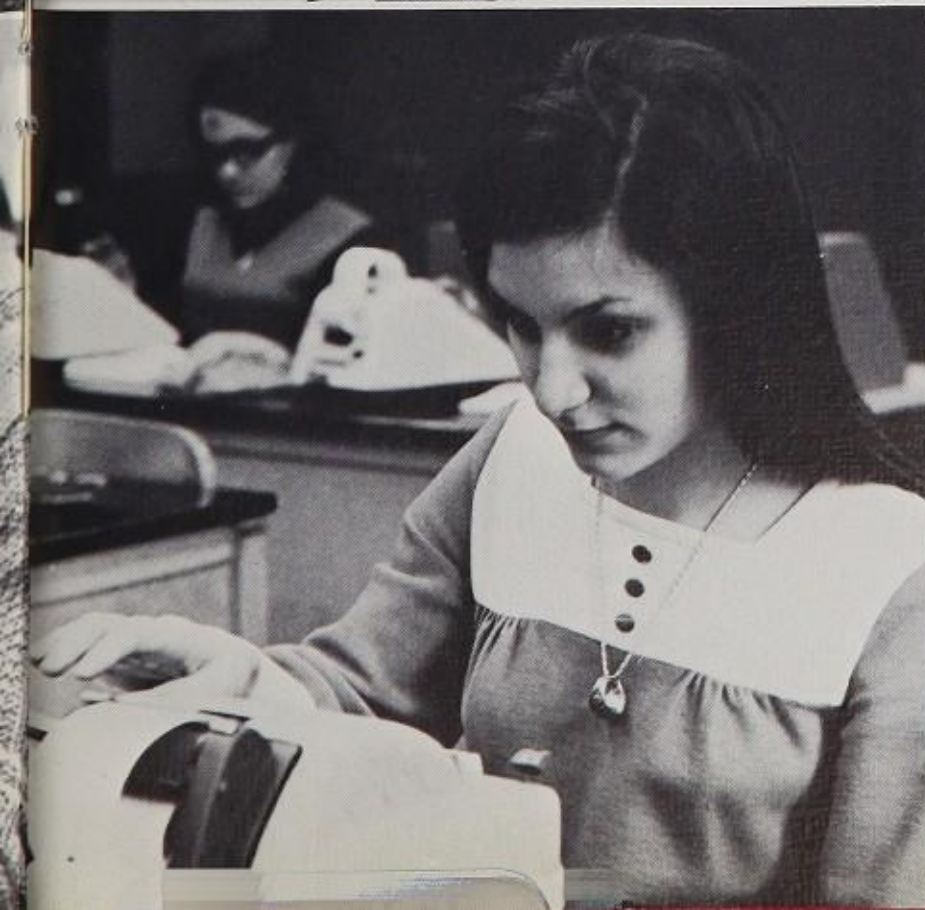

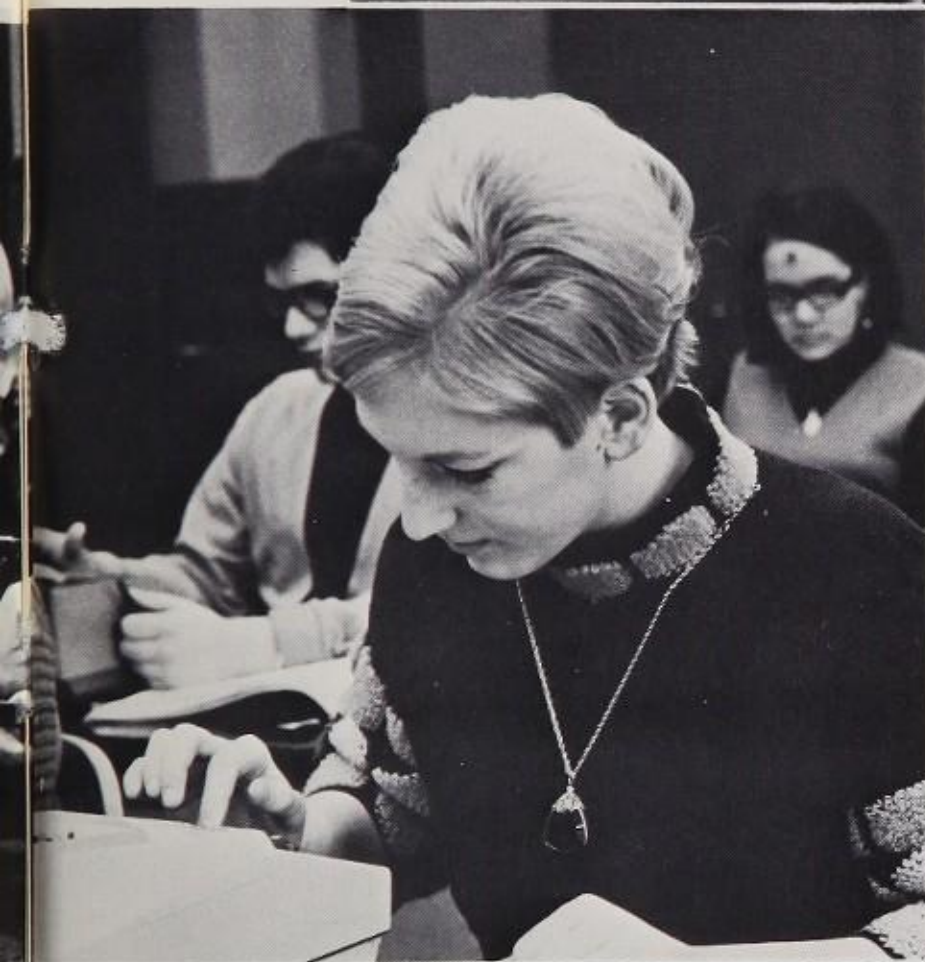

THE COOPS

The Cooperative Education Program at Newtown offers the prospect of "on-the-job" training and experience to eligible juniors and seniors who plan a career in the world of business.

Students in the program pursue regular courses of study toward their Commercial or General diplomas on an alternate week schedule. Major institutions of finance, communication and merchandizing in New York City regularly hire Coops and 80% retain these experienced workers after graduation. Students receive full pay and benefits from their employers as well as credits toward graduation.

Competence, confidence and maturity have projected many Coops into positions of influence with their firms.

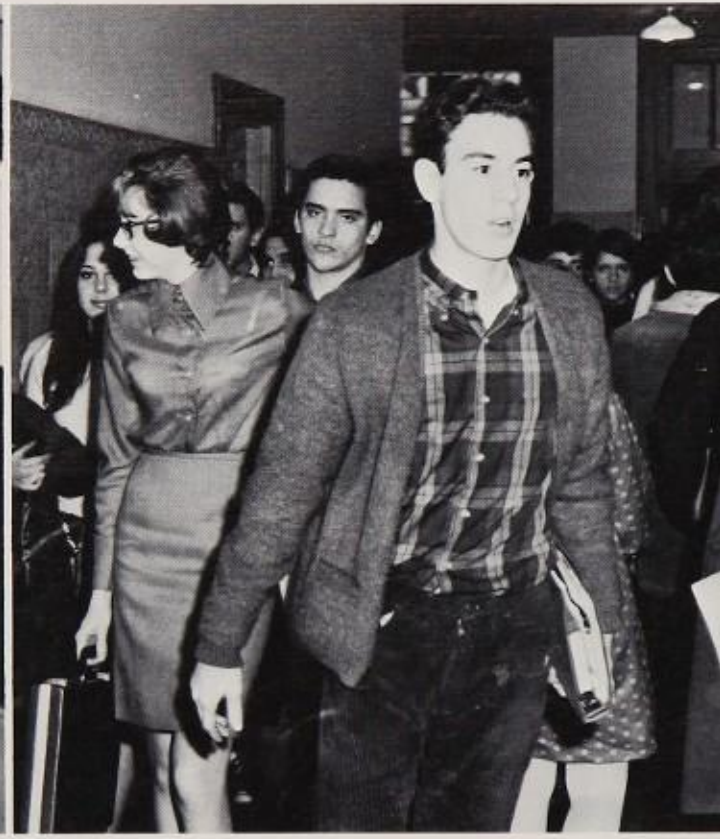

in retrospect

How can we forget—

the crowded halls, where friends try to exchange some gossip?

the stairways, where one has to fight for his life?

the attendance office, where we have to wait so long for a late pass?

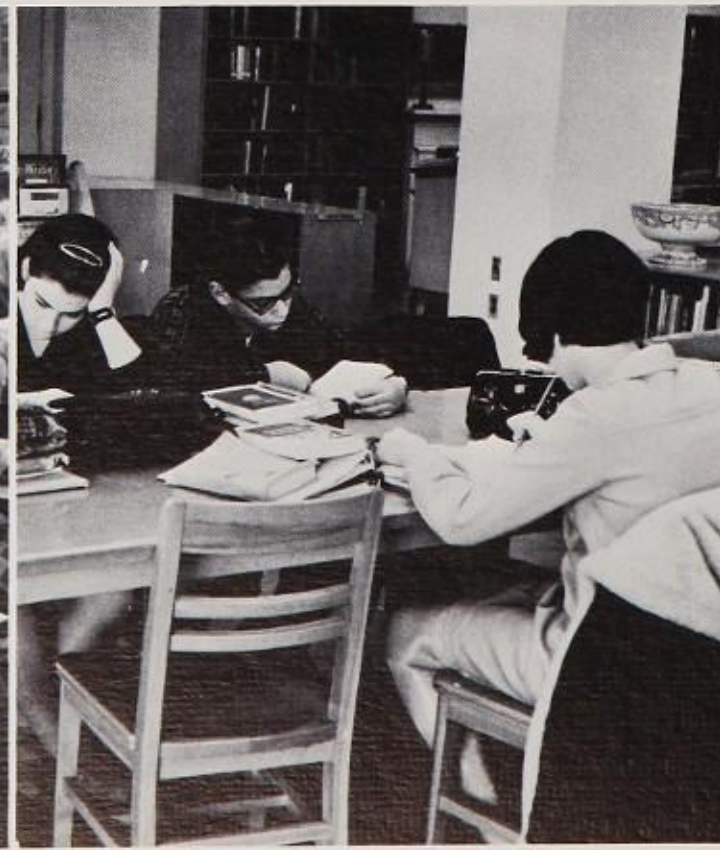

How can we forget—

the many tests we crammed for?

the homework we stayed up all night trying to finish?

the Regents we worried about?

How can we forget—

the chemistry lab, where many tried to blow up the school UNSUCCESSFULLY?
the girls' emergency room, which is used more for "no homework" pains than anything else?
the choir, which has filled our ears with many hours of joy?

How can we forget—

the deans who reprimanded us?
the rules that tried to conform us?
the college advisor who tried to advise us?
the teachers who have tried to help us?

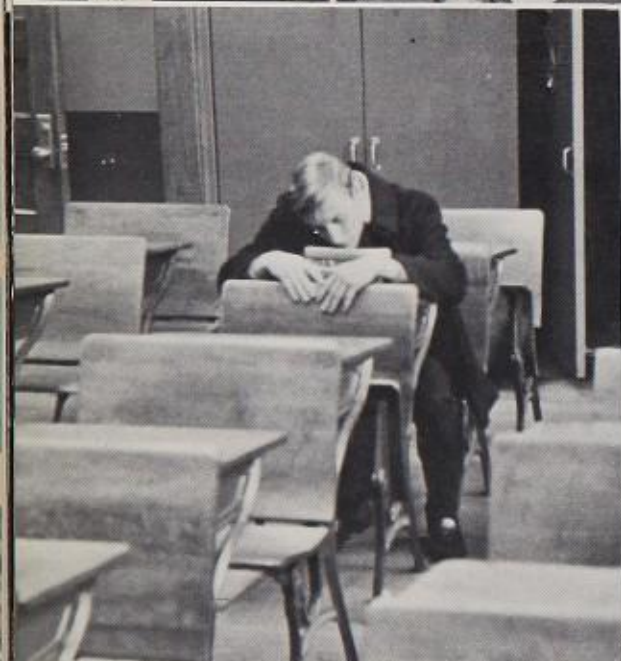

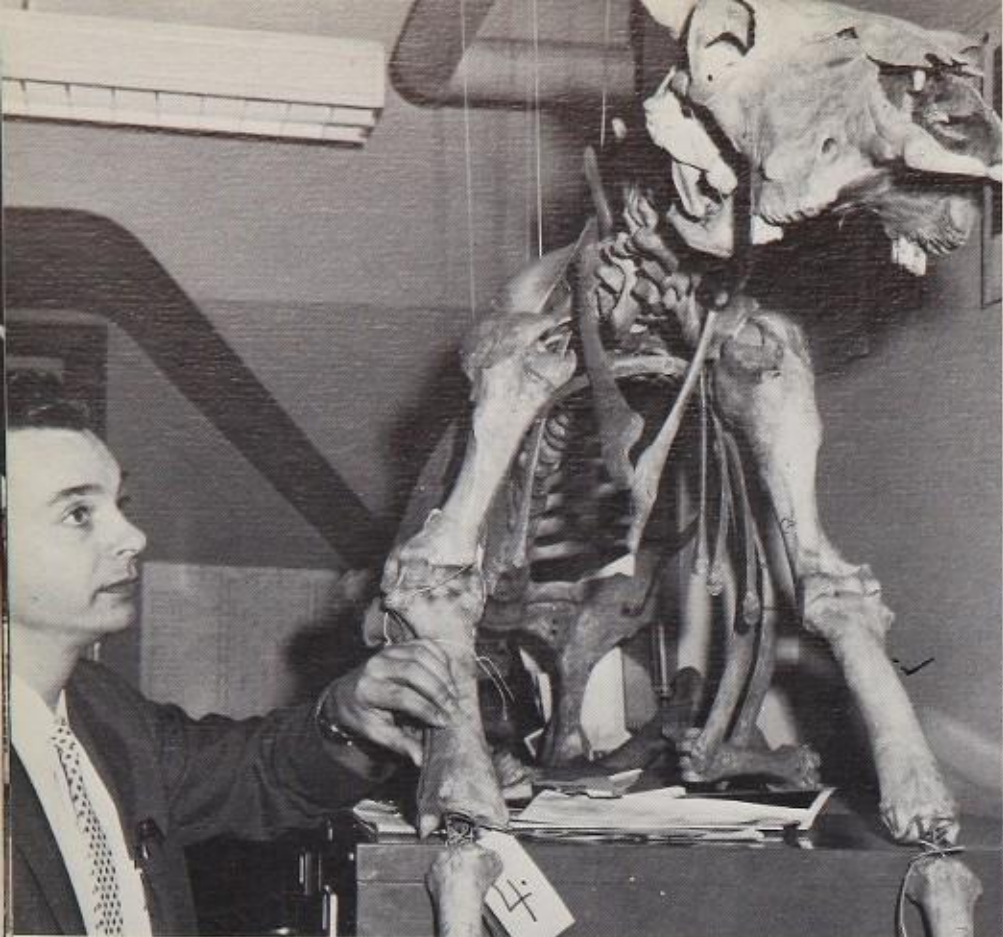

How can we forget—

the juniors who will take over where we left off?
the sophomores who can't wait to be juniors?
the freshmen whose troubles are just beginning?

How can we forget—

We can't, we won't,
For although we may soon be departing
A part of Newtown will linger with us forever!

TEN YEARS FROM NOW

- Mr. Weinstein* will have found his creature, lower than the low.
- Mr. Dorson* will have trained everyone in his classes to think as he does.
- Miss Pardo* will have exhausted all her "topicas de conversacion."
- Miss O'Keeffe* will have lost an argument to a student.
- Mrs. Ferbel* will have produced a Broadway play.
- Mrs. Ratshin* will have perfect and outstanding classes.
- Mr. Levinson* will have discovered Levinsonium.
- Mr. Marinelli* will still be saying, "Don't believe Mr. Weinstein."
- Miss Artus* will give out full sheets of paper for tests.
- Mr. Greenstein* will stop saying "Comment ça va?" in Hebrew class.
- Mr. Cincotta* will still be buying pieces of land one inch by two hundred feet to grow spaghetti.
- Mrs. Stern* will have long hair.
- Mrs. Finkel* will have answered a question without throwing it back to the class.
- Mr. Montesinos* will have recorded a record.
- Mr. Engel* will have drawn a perfect map on the blackboard.
- Mrs. Anderson* will have a perfectly cooperative gym class.
- Mr. Levin* will have become wealthy in the stock market.
- Mrs. Rosen* will no longer break matches.
- Mrs. Lesta* will break out into a full Charleston while doing the Alley Cat.
- Mr. Silverstone* will still be saying "This is not a Democracy."
- Mr. Miller* will have found the answer to "Why most Common Stockholders fail to attend these meetings?"

PRINCE GLADSTONE and KINGON SILVERSTONE lived in a RICH DIESENHOUSE. All day long they ate BALOGH sandwiches on LEVY'S GOODBREAD.

Even though the PRINCE was a LARGMANN and the KINGON was SMALL and YOUNGER they got along MARCUS.

One day while PRINCE was WHITING an ABERBACK, the KINGON went to CINQUE a COULAS place with a nice FABRIZY and never come BECK. Life was a BOOR in the DIESENHOUSE, so he took a KASE and a HORNE and of course some BALOGH sandwiches on LEVY'S GOODBREAD and some SALTZER to drink.

The PRINCE because a RATSHIN, got ACHNITZ on his face and came down with the MEISELS. His PAPPAGEORGE told him to GOSSET DOWNING and measure some ENGELS while he had an ice cream COHEN to forget about the KINGON. The PRINCE only though "WILLS KINGON CUMBERBATCH, HUGHES ever he is?" So he went on a HUNT to GOSCICKI if he could FIFE him.

The KINGON was very COZZI on his island in PARIS with his wife, CARROLL, and daughter KELLY. They drank COKELEY and MUNTZENBERGERS after they took NAPPIs and lived a comfortable life together.

Meanwhile the PRINCE who went on a HUNT caught a FOX. But he and his party were captured and put into SACKS. When the captors let him out, he had a duel with them and became the VICTOR. Now that he was a FRIEDMAN he decided to MARINELLI.

A short time later they had a ROTHSCHILD named ALBERT who was only happy if he could eat BERGERS and for dessert—GELLENS and GELLENS of ROSS CUELLER ice cream.

ALBERT went to CAMPA with the GANG one SUMPERER. One of the boys of the GANG was the PIERSON of a MILLER and he was able to ROTH a boat. Although they had a motor in the STERN, they weren't able to FILLER up with gasoline, and used a sail instead. But with the WINSLOW because the lake was on the LEE side of the mountain they went back to CAMPA.

Back at CAMPA, while everyone ate Oscar MYER's WEINTRAUBs and drank WEINSTEIN, the BASSMAN sang to the music of the MARGOLIN and the PECORARO. Because the counselors refused to give BANNERs on the CAMPA's best BOEHMs and ARTUS projects, all the boys demanded their DOBAK. ALBERT went home where he lived happily ever after eating BERBERS and GELLENS and GELLENS of ROSS CUELLER ice cream.

Once upon a time . . .

To the Graduating Class of 1968,

The 1968 NEWTOWNER will be the major link between you and Newtown High School once you have left its crowded, yet sheltering halls. The NEWTOWNER will bring back memories of all you have done here during your high school career. All the studying, all the playing, all the work, and all the help you've given, as well as all the friends you've made "within these walls of Newtown" are just some of the thoughts you'll have when remembering us.

Such a book cannot be compiled alone no matter how much it pleases or displeases you. I would like to thank Gerard DiMarino, Robert Forgione, Patricia Hamalak, Howard Lenard, Linda Orsini, Henry Pontell, Michele Rakoff, Tobi Silverman, Kaliopi Triantafillou, Karen Wolf, and the rest of the NEWTOWNER Staff in helping to turn out this issue of the NEWTOWNER. Without all their help and the encouragement and cooperation of the students and the faculty, this book most probably would not be in existence.

A great deal of gratitude and appreciation is expressed to Mrs. Helen Carroll, our faculty adviser, who guided us through this enormous project.

The cooperation of our principal, Mr. Francis S. Moseley, was also very important in having a successful NEWTOWNER.

There is also thanks to be given to all of you who are graduating this year, as without your presence there would be no need for this book.

On behalf of the staff and myself, I would like to take this opportunity to wish all of you a happy, healthy, and prosperous future in your desires to fulfill all your dreams successfully.

Yours,
Susan Soohoo

Dear Graduate:

Graduation is a most important time in any family's life. A time to reflect about the many good things that have happened in the last four years ... and a time to think about the years ahead.

I am certain that you have considered furthering your education, either in college or in the many fine trade or nursing schools which are available. Perhaps you have already made a decision ... we hope it was to continue your education.

Now here's how we can help!

Under a cooperative arrangement with the New York Higher Education Assistance Corporation you may borrow from \$1,000. to \$1,500. a year with a maximum of \$7,500. for attending college ... lesser amounts for trade schools. You make no payments and there are no interest charges while you are in school. Upon termination of studies you can take up to ten years to repay. Loans are made directly to the student ... no co-signers are needed. Dial the telephone numbers listed below for additional information.

May we take this occasion to congratulate you on your graduation and to wish you a successful and rewarding future.

Cordially,

Michael J. Burke
